RULE STATEMENT

This rule provides Texas A&M Veterinary Medical Diagnostic Laboratory (TVMDL) units with the guidelines for the disposition of any abandoned or unclaimed personal property.

REASON FOR RULE

This rule is required by The Texas A&M University System (A&M System) regulation 21.99.04, Disposition of Abandoned and Unclaimed Personal Property.

PROCEDURES AND RESPONSIBILITIES

1.0 GENERAL

Any abandoned or unclaimed property at a TVMDL facility should be reported to the section head or section accountable property officer. Property shall be held a reasonable amount of time. The section head or section accountable property officer shall make an attempt to notify known owners through, mail, telephone, or other means (email, text message, etc.). Unknown owners shall attempt to be identified through a public notice of abandoned property. Any item that is presumed stolen should be reported promptly to the Texas A&M AgriLife (AgriLife) Property Office. The AgriLife Property Office will provide guidance in notification to police or other local authorities.

After a 90–day period, the AgriLife Property Office will determine if such items may be sold through public auction of items that have not been claimed. Proceeds derived from the handling, storage, or sale of such property will be deposited as directed by TVMDL Fiscal in an appropriate account.
