PROCEDURE STATEMENT

This procedure establishes the purchasing authority for Texas A&M Veterinary Medical Diagnostic Laboratory (TVMDL) purchasing and departmental/unit purchases as processed by purchasing staff and the department/unit personnel. It allows the purchasing department personnel and TVMDL units to procure goods and/or services according to sound business practices and best value, and to comply with applicable state of Texas statutes relating to the Historically Underutilized Business (HUB) Program and purchasing from persons with disabilities.

REASON FOR PROCEDURE

This procedure is required to ensure all TVMDL procurement transactions are processed according to the Texas A&M University System (System) Regulations, and applicable State and Federal laws.

PROCEDURES AND RESPONSIBILITIES

1.0 GENERAL

The responsibility for administering purchasing procedures for TVMDL in accordance with System Regulations and State and Federal laws lies with the primary procurement officer (PPO) for AgriLife Procurement. The PPO shall establish Procurement’s Standard Operating Procedures (SOPs) and Unit guidelines. AgriLife Procurement personnel will follow the internal office SOPs, which provide for the agency’s procurement strategies, responsibilities, processes, and best practices. The AgriLife Procurement guidelines set forth the specific department/unit procedures and processes for procurement of goods and services. Department/Unit guidelines may be found on the AgriLife Administrative Services Web site.

The PPO has the authority to delegate specific procurement authority to individuals(s) or departments for the acquisition of goods and/or services, and shall establish a maximum dollar limit for those individual(s) or departments to acquire goods and/or services. The PPO may withdraw delegated procurement authority in whole or in part.

The PPO will establish and maintain a list of the types of goods and services that are exempt from the established SOPs. The list may be found on the AgriLife Administrative Services Web site.
