SUBJECT: Project Helios Update

In October 2015 we sent an e-News introducing Project Helios and Workday. Workday is the new system that will replace the Budget Payroll Personnel (BPP) system, Employee Payroll Actions (EPAs), Guardian I-9, HR Connect, iBenefits, Leave Traq, Time Traq and GreatJobs.

All employees are encouraged to visit the Workday website here: <http://workday.tamus.edu/> for updates and to learn more about the transition to Workday. From this site, you can also subscribe to a blog and receive notifications of new posts via email.

The “GO LIVE” date for the following Workday modules has been announced as **December 2017**:

- *HCM (Core HR)*
- *Compensation*
- *Benefits*
- *Payroll*
- *Absence*
- *Time Tracking*
- *Reporting*

Other modules including *Recruiting*, *Talent Management* and *Performance Management* are targeted to be ready for December 2017 as well, but may be phased in later to replace our current GreatJobs applications.

AgriLife Human Resources will continue to keep you updated on Project Helios happenings. If you have any questions, please contact us at 979-845-2423.
