

Texas A&M AgriLife | DJI Certification Form

With the use of the DJI drone, I certify the following:

1. The data sharing option on the drone will remain turned off. We will check this setting after every update to ensure that the data sharing has not been reset.
2. All data will be removed from the drone prior to any software/firmware updates.
3. We will not upload any research to the cloud, which can then be intercepted.
