

January 15, 2016

TO: Texas A&M AgriLife Unit Heads

SUBJECT: Unmanned Aircraft Systems (UAS) Registration

Please forward to appropriate staff.

Please see the communications below regarding UAS registration requirements. If your unit does possess a UAS, please contact AgriLife Risk and Compliance. Questions can be directed to AgriLife Risk and Compliance at 979.845.7879.

All,

If you are not aware, as of December 21, 2015, Unmanned Aircraft Systems (UAS) weighing between 9 ounces and 50 pounds are required to be registered with the FAA. You can register your drone free until January 21, 2016; after that it will cost \$5 for registration.

The following link provides further information about the registration process. Do note the requirements for paper registration versus electronic registration. Please pass this information along as needed.

<https://www.faa.gov/uas/registration/>

Let me know if you have any questions.

Thanks.
