Re: U.S. State Department Worldwide Travel Alert

The U.S. State Department has issued a worldwide travel alert for all U.S. citizens traveling abroad as it relates to potential terrorist attacks. System Risk Management would ask you to forward this email notification to any all persons at your respective institutions regarding the alert. We would encourage all faculty/staff/students to be alert and cognizant of their surroundings while avoiding potential terrorist target locations while traveling.

The link to the Worldwide Travel Alert is below.

If you have any questions, please let me know. Thanks.
