Portal Home Page

- The system includes a new portal home page with customized tiles for completing tasks efficiently.
- Each tile is tied to a different feature within the system (e.g., Critical Issues, Plan of Work, Projects/Programs, and Role Management).
- The tiles displayed on the portal home page match your role and provide access to intuitively complete grant and reporting activities.

- After successful log in, click "Manage" under "Projects & Programs".
- Search for the Draft of your new project. Open it by clicking on the title.
- Click "Edit".
- Fill out all of the required fields.
Once all of the information is filled out, click "Submit for Organizational Review" at the bottom.

Email chad.houston@ag.tamu.edu when you have submitted the project so that Project Records can review and submit the project to NIFA.
